**AMAZING REPORTS OF
THE GENERAL FILM CO.**
On an investment of \$10,000 a Profit
of 1000 Per Cent in 1911.

Philadelphia, Dec. 11.—Amazing
profits derived by the General Film
company were reported by Edward P.
Greene, assistant attorney general
in the zoning argument today in the
government's suit against the alleged
moving picture trust in the United
States district court here. He de-
clared that in the first eighteen
months of its existence the General
Film company had made more than
\$1,000,000 for independent exhibitors,
more than a million more to
manufacturers, producers and exhib-
itors in the combine and paid seven
per cent in its preferred stock and
twelve per cent on the common to its
shareholders.

On an investment of \$10,000 each ten
manufacturers made a profit of 1000
percent in 1911, he said, while it cost
Lewis M. Swann an exchange dealer
of this city, \$10 a minute for ten
minutes, for departing from a regula-
tion in the license agreement relating
to the time for release of films.
Counsel for the defendants will sub-
mit briefs and Judge Dickinson will
announce his decision later.

**FEDERAL TROOPS TO
REMAIN IN COLORADO.**
Because Governor Ammons Refuses to
Accept Responsibility.

Washington, Dec. 11.—Because of
the refusal of Governor Ammons of
Colorado to accept responsibility by
requesting that the federal troops
in the strike districts be withdrawn,
President Wilson tonight decided to
await further developments before or-
dering the troops away. The troops
were sent to the strike district at Gov-
ernor Ammons' request.

At an hour's conference tonight with
Seth Low, Patrick Gilroy and C. W.
Mills, his new Colorado strike com-
missioner, the president outlined the
history of his efforts to restore the
disturbed peace in Colorado. It was
the first time the members of the commis-
sion had been together since their ap-
pointment.

The commission will formally or-
ganize tomorrow and it was said
authoritatively tonight that Mr.
Low would be chosen chairman.

The president named the commis-
sion prior to the settlement of the
strike, in order that it might be re-
solved to act in case of any future disagree-
ments.

Internationals Wind Up Annual Session

No Definite Plans for Transferring of Franchises Agreed Upon

—Will Continue Eight Club Circuit—Opening Game April 27—Player Limit for Each Club Reduced to 16.

New York, Dec. 11.—When the
international baseball club own-
ers wound up their annual session here
today they had not agreed upon a
definite plan of transferring the league
franchises from Jersey City and Balti-
more to Syracuse, N. Y. and Rich-
mond, Va. This, the most important
business of the session, had been dis-
cussed at length since the meeting be-
gan last Monday.

While the sentiment of the club rep-
resentatives was in favor of the Syra-
cuse and Richmond proposals, secur-
ing the franchises, none of the league
officials would say positively that the
transfer would be made. President
Barrow said that the entire matter has
been entrusted to two separate com-
mittees, one for the Jersey City-Syra-
cuse deal and the other to take care
of the Baltimore-Richmond transac-
tion.

President Barrow is on both commit-
tees. J. J. McCaffrey of Toronto and
Charles H. Chapin of Rochester will
aid him in disposing of the Jersey City
club's affairs, while Joseph J. Lannin
of Providence and Charles H. Ebbets,
of Newark will assist in clearing
up the Baltimore-Richmond deal.
These committees are to report back
to a special meeting of the league
which will be called at the second
week of next January.

That the league will continue its
eight club circuit is evidenced by the
fact that a playing schedule of 140
games was announced for next season.
During the last year this league
has been playing 164 games, and this,
in the opinion of the majority of the
club owners, made the season too long.
The opening date for 1915 has been set
for April 27.

A radical change was made when
the player limit was reduced to 16, but nothing was
done in reference to the salary limit.
The salary limit was reduced to \$10,000
in the number of players would
regulate this. The double umpire sys-
tem will be continued, as it has proved
to be entirely satisfactory to all con-
cerned.

The election of a new executive com-
mittee was put off until the next
meeting, but Joseph J. Lannin of
Providence was added to the present
committee, which, in addition to Pres-
ident Barrow, consists of McCaffrey,
Chapin and Ebbets.

None of the club managers had signed
contracts for next year, while the ses-
sion ended tonight, but it was un-
derstood there would be no change
in the two clubs, and these manag-
ers involved in the proposed transfer
of franchises.

Late tonight Manager McGraw of the
New York National League and
Manager Moran of the Philadel-
phia Nationals had a conference with
President Barrow, who said that the
league would be continued, and that
the transfer of franchises would be
made in a few days.

FINANCIAL AND COMMERCIAL
MARKET SHOWED FIRMNESS.

Some Stocks and Bonds Went Up One
to Three Points.

New York, Dec. 11.—Stocks and
bonds showed a general upward trend
because of the proximity of the
opening of the local exchange for open
dealing in stocks. Some shares were
up one to three points and several
of the more active bond and note issues
manifested corresponding strength.

New York City's three city bonds
were up one to three points. The
evident success of two new bond
issues aggregating \$13,000,000 at
the first offering, and the fact that the
market for new issues since the be-
ginning of the year, while more than
ordinarily attractive in their interest
yield, the wide inquiry into the
keenness of the investment inquiry,
together with the ease of money.

Clearance of stocks through the ex-
change today were estimated at 60,000
shares, which was easily the largest
clearance for one day since the be-
ginning of the year. The list of mini-
mum prices issued by the exchange
today for open dealing was interest-
ing in that it showed that allow-
ance is to be made for dividends de-
clared on listed stocks during the past
four months. For instance, Reading, which
closed at 140 in July, and sold up
to 142 7/8 today, was quoted at 136,
the parity of the price, plus two
dividends of two per cent, the same
dividend applied to other dividend issues.

The number of \$15 or lower priced
stocks which are to be offered with-
out restriction tomorrow and there-
after, includes some three score railway
and industrial issues. Preparations to
meet the new order of business were
completed today.

A further break was reported in
the market for telephones, making
the third consecutive day of declining
tendency for these remittances. Ex-
change on London was stronger with
cables at 4.83 3/4, while francs were
steady.

Banks were inclined to restrict their
offerings of money, probably, it was
believed, because of tomorrow's mar-
ket reopening. The cash loss of local
banks to the sub-treasury was re-
ported to be about \$17,000,000, but rates
for call and time loans were main-
tained.

In the industrial field another ad-
vance in copper metal, based on the
better demand, constituted the chief
feature of the day's trading. The ad-
vance was due to the fact that allow-
ance to gradual betterment at leading
centers of business.
